Ref: Miami-Dade and FPL Collaboration

Dear Commissioners,

The Latin Chamber of Commerce of the United States, CAMACOL is the largest Hispanic business organization in the State of Florida and one of the most influential minority business groups in the United States.

For nearly four decades, CAMACOL's mission is to foster the entrepreneurial spirit of Florida's Hispanic and minority communities, and as such, it conducts programs to strengthen local business activity, promote economic development, facilitate international commerce, and serve the civic needs of the community and state.

As part of its serving the civic needs of the community and state, CAMACOL, has for several decades partnered with Florida Power & Light Company (FPL). As we understand it, the proposed collaboration between Miami Dade County and FPL will not only help provide for a healthier ecosystem but it will also reduce cost and provide for new employment opportunities.

We encourage the Miami Dade Board of County Commissioners to wholeheartedly support this worthy endeavor.

Sincerely,

Mercy Saladrigas

President
