AirPort Utility   Wi-Fi Scan

● Internet

No AirPort base stations have been found. AirPort Utility will
continue searching.

**1**   Download the "**Airport Utility**" mobile app:

2   Stand directly in front of the charger's mounting location [Steps 3-5 only required the first time this app is used]

3   Open "**Settings**" in your phone

4   Navigate to the "**Airport Utility**" app settings

5   Turn on "**Wi-Fi Scanner**" toggle button

EVolutionHome@fpl.com   FPL.com

6 Open "**AirPort Utility**" app and click "**Wi-Fi Scan**" and then click "**Scan**". The app will start scanning all nearby Wi-Fi networks:

7 Allow for at least 1-minute worth of scanning data to be collected by the app

8 Click on your home's Wi-Fi network name

9 Allow the app to scan for a couple of minutes, then screenshot a picture like the one below on the right and email it to EVolutionHome@fpl.com.
