

# FPL Fort Drum Solar Energy Center

Okeechobee County

The FPL Fort Drum Solar Energy Center, which started operations in 2021, is creating an even brighter future for Okeechobee County. Florida Power & Light Company continues to advance solar cost-effectively while keeping customer bills among the lowest in the nation. We're proud to have universal solar in Okeechobee.

Location: 21505 SR 60, Vero Beach, FL 32966

## FPL Fort Drum Solar Energy Center by the numbers

**309,120** photovoltaic solar panels

**74.5** megawatts of clean, emissions-free energy

Powering about **15,000** homes annually with low-cost, renewable energy

Emissions reduction equivalent to removing **14,000** cars from the road each year

Solar site located on a **840-acre** property

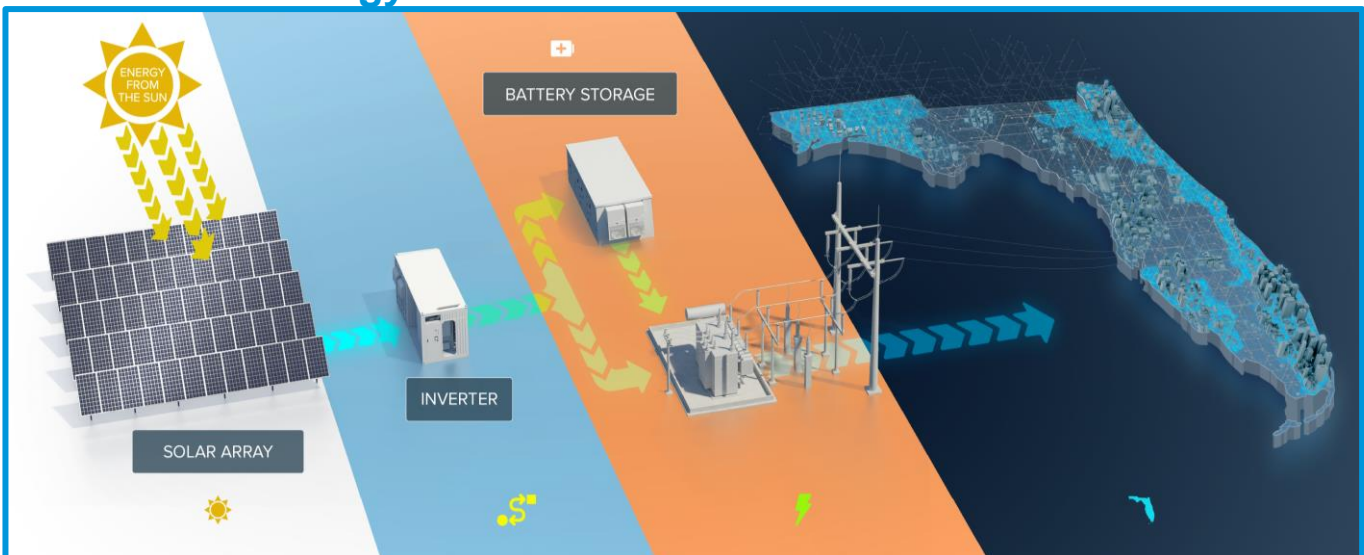

Serving Okeechobee County's approximately **20,000** FPL customers and beyond

FPL contributed more than **\$11.4MM** in tax revenue to Okeechobee County in 2021

## How a Solar Energy Center Works

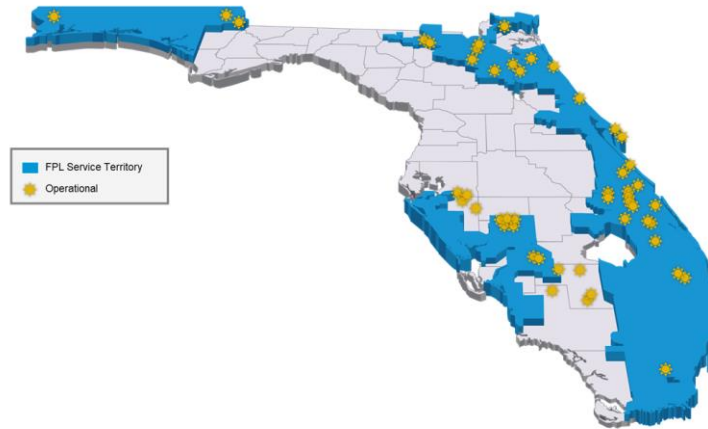

## Community Solar

FPL SolarTogether is the largest community solar program in the country. It gives all FPL customers the opportunity to enjoy the benefits of solar no matter where they live or whether they rent or own their home or business. For a low monthly charge, customers receive the benefits of their portion of the energy generated at our solar energy centers in the form of monthly credits on their FPL bill. Over time, credits increase and lower the program participants' bills.

## Florida's Energy Landscape is Bright

Florida Power & Light Company offers America's best energy value with the cleanest, most reliable energy at a price that's one of the lowest in the country. The company has a groundbreaking Real Zero goal of eliminating carbon emissions from our power plant fleet by no later than 2045. We plan to achieve Real Zero with a diverse mix of solar, batteries, existing nuclear, green hydrogen and other renewable sources. And, as we work toward Real Zero, we intend to keep customer bills well below the national average, just as they've been for more than a decade.

## FPL's Commitment to Okeechobee County

In 2020, the Okeechobee Solar Energy Center became FPL's first solar energy center in Okeechobee County and was followed later the same year by the FPL Lakeside Solar Energy Center. In 2021, the FPL Fort Drum Solar Energy Center began operations. Combined, FPL has installed nearly a million solar panels in Okeechobee County.
