

# FPL Immokalee Solar Energy Center

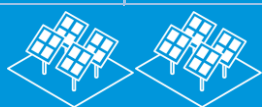

Collier County

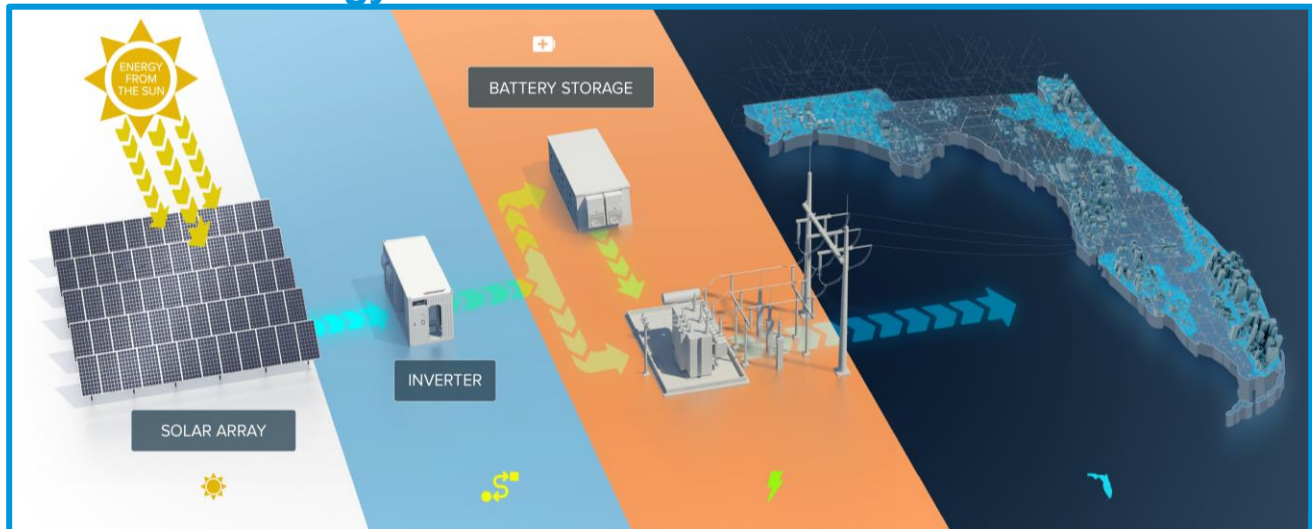

The FPL Immokalee Solar Energy Center, which started operations in 2022, is creating an even brighter future for Collier County. Florida Power & Light Company continues to advance solar cost-effectively while keeping customer bills among the lowest in the nation. We're proud to have universal solar in Immokalee.

Location: 3350 SR 29 N, Immokalee, FL 34142

## FPL Immokalee Solar Energy Center by the numbers

 <p><b>236,260</b> photovoltaic solar panels</p>	 <p><b>74.5</b> megawatts of clean, emissions-free energy</p>	 <p>Powering about <b>15,000</b> homes annually with low-cost, renewable energy</p>	 <p>Emissions reduction equivalent to removing <b>14,000</b> cars from the road each year</p>
 <p>Solar site located on a <b>578-acre</b> property</p>		 <p>Serving Collier County's nearly <b>230,000</b> FPL customers and beyond</p>	 <p>FPL contributed more than <b>\$5.9MM</b> in tax revenue to Collier County in 2021</p>

## How a Solar Energy Center Works

## Florida's Energy Landscape is Bright

Florida Power & Light Company offers America's best energy value with the cleanest, most reliable energy at a price that's one of the lowest in the country. The company has a groundbreaking Real Zero goal of eliminating carbon emissions from our power plant fleet by no later than 2045. We plan to achieve Real Zero with a diverse mix of solar, batteries, existing nuclear, green hydrogen and other renewable sources. And, as we work toward Real Zero, we intend to keep customer bills well below the national average, just as they've been for more than a decade.

A portion of the renewable energy credits associated with FPL-owned solar facilities may be sold or transferred to third parties, who are solely entitled to the reporting rights and ownership of such renewable energy credits.
