

FPL Sawgrass Solar Energy Center

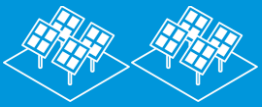

Hendry County

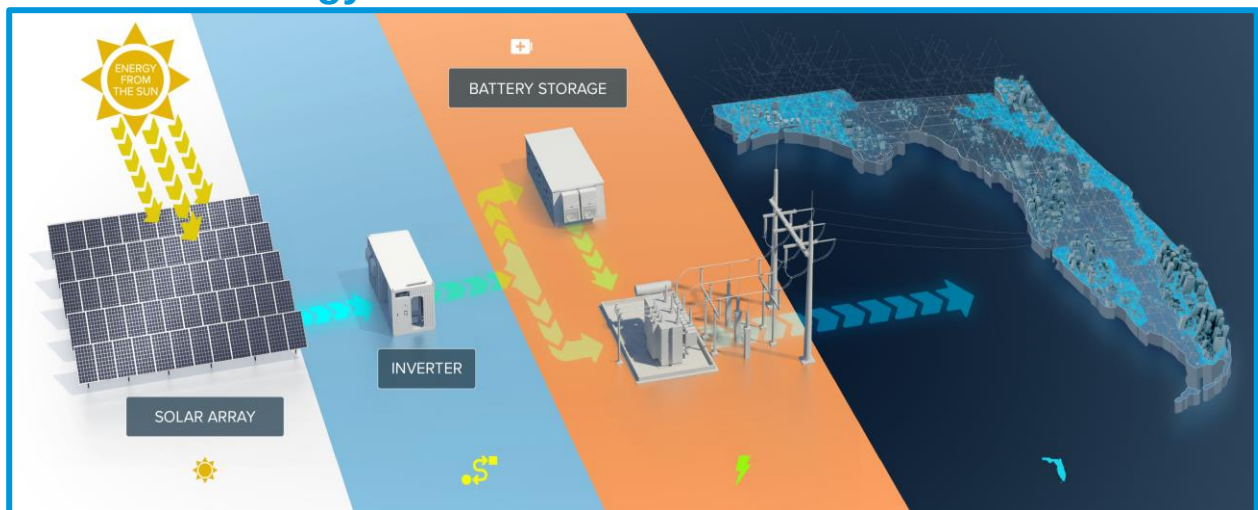

The FPL Sawgrass Solar Energy Center, which started operations in 2022, is creating an even brighter future for Hendry County. Florida Power & Light Company continues to advance solar cost-effectively while keeping customer bills among the lowest in the nation. We're proud to have universal solar in Clewiston.

Location: 34229 County Road 833, Clewiston, FL 33440

FPL Sawgrass Solar Energy Center by the numbers

 234,166 photovoltaic solar panels	 74.5 megawatts of clean, emissions-free energy	 Powering about 15,000 homes annually with low-cost, renewable energy	 Emissions reduction equivalent to removing 14,000 cars from the road each year
 Located on a 605-acre property	 Serving Hendry County's more than 11,000 FPL customers and beyond	 FPL contributed more than \$3.4MM in tax revenue to Hendry County in 2021	

How a Solar Energy Center Works

Florida's Energy Landscape is Bright

Florida Power & Light Company offers America's best energy value with the cleanest, most reliable energy at a price that's one of the lowest in the country. The company has a groundbreaking Real Zero goal of eliminating carbon emissions from our power plant fleet by no later than 2045. We plan to achieve Real Zero with a diverse mix of solar, batteries, existing nuclear, green hydrogen and other renewable sources. And, as we work toward Real Zero, we intend to keep customer bills well below the national average, just as they've been for more than a decade.

FPL's Commitment to Hendry County

The FPL Sawgrass Solar Energy Center in Clewiston began operations in 2022, alongside the FPL Ghost Orchid Solar Energy Center. FPL's first solar center in Hendry County was the FPL Hammock Solar Energy Center in La Belle in 2018. It was followed by the FPL Blue Heron Solar Energy Center in Clewiston in 2020. FPL has more than one million solar panels in Hendry County.

FPL SolarNow trees and canopies are innovative solar structures that provide shade and harness the power of the sun while generating emissions-free energy that benefits everyone. In Hendry County, LaBelle High School is home to three FPL SolarNow trees that teach students and visitors about clean energy.
