

FPL Trailside Solar Energy Center

St. Johns County

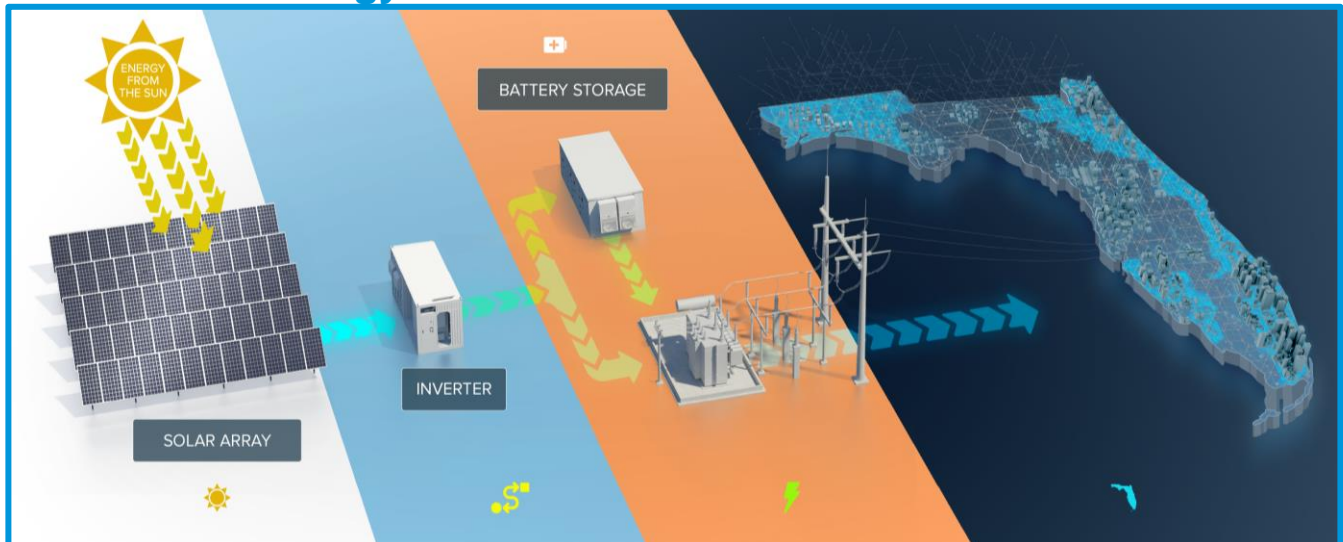

The FPL Trailside Solar Energy Center, which started operations in 2020, is creating an even brighter future for St. Johns County. Florida Power & Light Company continues to advance solar cost-effectively while keeping customer bills among the lowest in the nation. We're proud to have universal solar in Elkton.

Location: 6001 County Road 305, Elkton, FL 32033

FPL Trailside Solar Energy Center by the numbers

 <p>278,500 photovoltaic solar panels</p>	 <p>74.5 megawatts of clean, emissions-free energy</p>	 <p>Powering about 15,000 homes annually with low-cost, renewable energy</p>	 <p>Emissions reduction equivalent to removing 14,000 cars from the road each year</p>
 <p>Solar site located on a 844-acre property</p>	 <p>Serving St. Johns County's approximately 108,000 FPL customers and beyond</p>	 <p>FPL contributed more than \$5.7MM in tax revenue to St. Johns County in 2021</p>	

How a Solar Energy Center Works

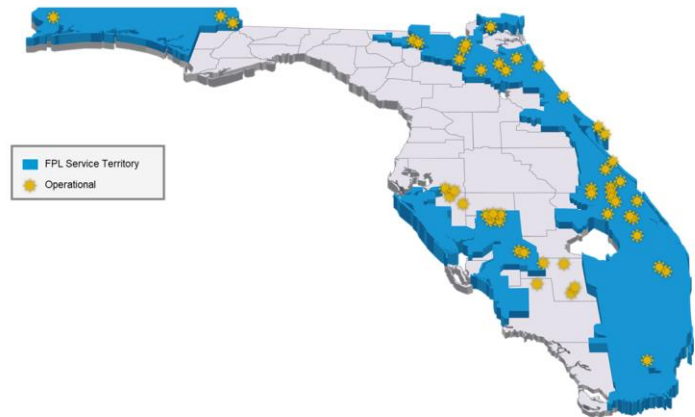

Community Solar

FPL SolarTogether is the largest community solar program in the country. It gives all FPL customers the opportunity to enjoy the benefits of solar no matter where they live or whether they rent or own their home or business. For a low monthly charge, customers receive the benefits of their portion of the energy generated at our solar energy centers in the form of monthly credits on their FPL bill. Over time, credits increase and lower the program participants' bills.

Florida's Energy Landscape is Bright

Florida Power & Light Company offers America's best energy value with the cleanest, most reliable energy at a price that's one of the lowest in the country. The company has a groundbreaking Real Zero goal of eliminating carbon emissions from our power plant fleet by no later than 2045. We plan to achieve Real Zero with a diverse mix of solar, batteries, existing nuclear, green hydrogen and other renewable sources. And, as we work toward Real Zero, we intend to keep customer bills well below the national average, just as they've been for more than a decade.

FPL's Commitment to St. Johns County

FPL SolarNow trees and canopies are innovative solar structures that provide shade and harness the power of the sun while generating emissions-free energy that benefits everyone. In St. Johns County, the St. Augustine Distillery is host to a SolarNow installation.
