

Ring in the new year with lower bills

YOUR BILL WILL DECREASE NEARLY

\$4

PER MONTH

At FPL, we strive to provide you with affordable, reliable and clean energy. Our investments in solar energy, technology and state-of-the-art power plants are helping us produce clean energy more efficiently, resulting in lower costs. We are happy to ring in the new year by passing those savings to you – lowering monthly bills.

The monthly bill for a typical residential 1,000 kWh customer will decrease by nearly \$4 a month starting January 2020. Our smart, long-term investments in clean energy and building the nation's smartest and strongest energy grid continue to deliver benefits to our customers with bills that are among the lowest in the nation, about 30% below the national average.

Learn about deposits

Since all customers are billed for energy after it's used, we may ask those opening new accounts to pay a deposit amount based on the expected average cost of two months of service at the address. If your average usage turns out to be higher than the estimated cost and your bills are not current, we may ask you to pay the difference to bring the deposit to the required level.

Your deposit begins to earn 2% interest once you have paid your bill in full for six months. Interest is credited to your account each June. The deposit and earned interest is refunded to your account after 23 months of service and 12 months of good payment history, or after you close your account. Learn more: » FPL.com/deposit

< 1,000 kWh/ On-Peak Energy Charge ¹	> 1,000 kWh/ Off-Peak Energy Charge ¹	Conservation ¹ ¢/kWh	Capacity ¹ ¢/kWh	Environmental ¹ ¢/kWh	< 1,000 kWh / On-Peak Fuel Charge ^{1,3}	> 1,000 kWh / Off-Peak Fuel Charge ^{1,3}

Where does your energy come from?

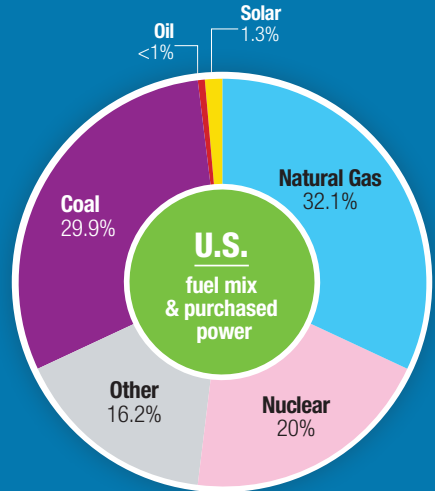

FPL's power comes from a variety of sources, including clean, U.S.-produced natural gas and emissions-free nuclear and solar. Today we're taking steps to substantially increase our investment in cost-effective solar.

Major energy sources and percent share of total U.S. electricity generation in 2018.

Helpful resources – help for customers in need

We want to ensure that those who need help get assistance. Here are some services available to you:

Evacuation assistance – If you have special needs, your local government can help if you ever need to evacuate due to extreme weather or other emergencies. Make sure to register with your local emergency management office by contacting them directly. Just check your phone directory for “county government.”

2-1-1 Helpline – By dialing 2-1-1, you can get answers to your questions and get connected to available community resources. This helpline is free and confidential, with trained specialists available 24 hours a day.

We have more information for you online about help available from FPL or our community partners. Just visit: FPL.com/gethelp
