

## Coal Combustion Residuals (CCR) Annual Fugitive Dust Control Report

**PLANT NAME:** Gulf Clean Energy Center

**UNIT:** Landfill 1

**OWNER/OPERATOR OF FACILITY:** Florida Power & Light Company

**REPORTING TIMEFRAME:** October 19, 2024 to October 19, 2025

**PURPOSE:** The purpose of this report is to demonstrate compliance with the requirements for the annual CCR fugitive dust control report set forth in 40 CFR § 257.80 (c). This report describes the actions taken by Gulf Clean Energy Center to control CCR fugitive dust, a record of all citizen complaints and if any, a summary of corrective measures taken.

### DESCRIBE THE ACTIONS TAKEN TO CONTROL FUGITIVE DUST.

The only activity during the timeframe that had the potential for causing CCR fugitive dust was the reclaiming CCR for beneficial reuse. A water suppression truck was used to wet the on-site roads in the immediate vicinity of CCR landfills and was also used when reclaiming CCR for beneficial reuse, as needed. When CCR was transported off-site, enclosed tankers and/or covered trucks were used. Speed limits were posted to reduce vehicle speeds on all roads. Fugitive emissions at Gulf Clean Energy Center are also regulated under the facility's Title V Air Permit.

<b>HAS THE FACILITY RECEIVED ANY CCR FUGITIVE DUST CITIZEN COMPLAINTS WITHIN THE REPORTING TIMEFRAME?</b>	<div>Yes</div>	<div>No</div>
---	----------------	---------------

IF YES, INCLUDE A RECORD OF ALL CITIZEN COMPLAINTS

Date	Description of Complaint	Corrective Measures (If Any)
