- 11 Rate:** Determines how the bill is calculated for this account.
- 12 Electric service amount:** These charges are regulated by the Florida Public Service Commission. The total electric service amount is made up of the following charges:
- Base charge:** A fixed monthly amount to cover the cost of providing service to your location. This charge includes the cost of the meter, billing and providing customer service. It is applicable whether or not electricity is used.
 - Energy charge:** This total charge is made up of the following charges:
 - » **Energy Conservation Cost Recovery Charge (ECCR):** Cost of programs designed to reduce electric demand and consumption.
 - » **Capacity Cost Recovery Clause (CCRC):** Cost for purchasing electricity from non-FPL-owned resources, as well as certain nuclear-related expenses.
 - » **Environmental Cost Recovery Clause (ECRC):** Cost to meet environmental laws and regulations.
 - » **Storm Protection Plan Cost Recovery Clause (SPPCRC):** Cost to strengthen the grid in order to reduce restoration costs and outage times during major storms, as well as improving day-to-day service reliability.
 - » **Storm Restoration Recovery Charges:** Cost of service restoration following Hurricanes Michael and Sally.
 - » **Transition rider:** Addresses the difference in costs to serve FPL and former Gulf Power customers in a reasonable manner for all customers. Transition rider will decline to zero over a five-year period, fully aligning rates by Jan. 1, 2027.
 - Fuel charge:** The cost for fuel required to provide each kilowatt-hour (kWh) of electricity. FPL makes no profit on fuel costs.
- 13 Taxes and charges:** Taxes and fees may vary by area, with amounts established by local governing bodies. FPL collects these costs for distribution to appropriate entities and does not profit from them. The amount is made up of the following charges:
- Gross receipts tax:** Tax on a customer's electric bill that is paid to the State of Florida.
 - Franchise charge:** Fee on a customer's electric bill that is collected by FPL and provided to the appropriate local municipality or county government.
 - Regulatory assessment fee:** Tax on a customer's electric bill that is paid to the Florida Public Service Commission.

We're here to help
If you're experiencing financial hardship and need help with your bill, there are resources available.
[FPL.com/help](https://fpl.com/help)

When you pay by check, you authorize FPL to process your payment electronically or as a draft. If your payment is processed electronically, your checking account may be debited on the same day we receive the check and your check will not be returned with your checking account statement. FPL does not agree to any restrictions, conditions or endorsements placed on any bill statement or payments such as check, money order or other forms of payment. We will process the payment as if these restrictions or conditions do not exist.

- 14 Meter summary**
- Meter number:** Unique identifier associated with your electric bill.
 - Next meter read date:** Date the next meter reading is scheduled to take place.
 - Meter reading from the last day of the service period minus the meter reading from the last day of the previous service period to determine kWh used during the service period for this bill.
- 15 Energy usage comparison:** Compares the kilowatt-hours (kWh) used this month to last month, and to last year for the same period. A variety of factors may affect energy usage. For tips to manage your energy usage, visit [FPL.com/WaysToSave](https://fpl.com/WaysToSave).
- 16 This section is where you will find pricing structure based on amount of energy use:** Residential customer bills are calculated using a tiered rate structure of different rates: one for energy consumption and fuel up to 1,000 kWh, and another for consumption and fuel over 1,000 kWh. This rate structure encourages customers to become more energy efficient.
- 17 Bill messages:** Important and timely information that can benefit our customers.
