

### **Summary of Participation – Terms for the Voluntary Tariff no. 8.932, FPL SolarTogether<sup>SM</sup> – FPL’s Shared Solar program**

The FPL SolarTogether program, is governed by the tariff (STR-Tariff no. 8.932) which is approved by the Florida Public Service Commission (“FPSC”) and the information contained in this document is a summary of the terms governing customer participation in the program. The program is created to provide all FPL’s customers – residential, small and medium business, commercial and industrial – taking service under all metered rate classes, with an easy way to participate in the benefit of solar power.

Under the FPL SolarTogether program, participants may elect a subscription level in 1kW increments representing up to 100% of their previous 12-month total kWh usage. Any customer taking service under a metered rate schedule who has no delinquent balances with FPL is eligible to participate in this program.

Subscription units may only be purchased in 1kW increments. Increase in number of units purchased will be limited to once per year, subject to availability. Following the first billing cycle of the program, participants can decrease their subscription at any time. Moreover, upon customer’s request, participation may be transferred to a new address if the customer moves within the FPL’s service territory.

#### **Availability**

In all territory served by FPL (“the Company”) to customers receiving service under any FPL-metered rate schedule. The FPL SolarTogether program, provides customers with an opportunity to participate in the economic and environmental benefits of Florida-generated solar power. FPL will construct, operate and maintain commercial-scale, photovoltaic solar generating facilities located within FPL’s service territory.

#### **Application**

Available upon request to all customers in conjunction with the otherwise applicable metered rate schedule.

#### **Limitation of Service**

Any customer under a FPL-metered rate schedule who has no delinquent balances with the Company is eligible to elect to participate in the FPL SolarTogether program. A customer may terminate participation in the program, following the first billing cycle of the program. However, the customer will not be able to re-enroll for a twelve (12) month period and enrollment will be subject to subscription availability. Participants may also be terminated from the program by the Company if the customer becomes subject to collection action on the customer’s electric service account.

#### **Billing**

Customer is subject to the minimum bill on their otherwise applicable rate schedule. The FPL SolarTogether monthly Subscription Charge and offsetting monthly Subscription Credit will appear as separate line items on a participant’s bill during every month of enrollment, and are subject to all applicable taxes and fees.

Upon participant’s notice of terminations, the FPL SolarTogether’s program subscription charge and subscription credit will be assessed in the billing period in which participation is terminated.

#### **Term of Service**

Not less than one (1) billing cycle. Participants may, at any time, terminate their participation (“Voluntary Termination”) or reduce the number of subscribed units purchased. Participants may be terminated from the program by FPL if the customer becomes delinquent on the customer’s electric service account (“Involuntary Termination”). Upon either Voluntary or Involuntary Termination, the account is prohibited from re-enrolling for a twelve (12) month period.

#### **Special Provision**

Upon customer request, program participation may continue at a new service address if the customer moves within the FPL’s service territory.

#### **Rules and Regulations**

Service under this rider is subject to orders of governmental bodies having jurisdiction and to the currently effective “General Rules and Regulations for Electric Service” on file with the Florida Public Service Commission. In case of conflict between any provisions of this schedule and said “General Rules and Regulations for Electric Service” the provisions of this rider shall apply. The participant subscription is neither a security nor an ownership interest in the solar asset and therefore no owned interest is to be surrendered, sold, or traded.
