FOR YOUR HOME & FAMILY

Putting control in your hands

Wouldn't it be great to have a superpower, like being able to prevent problems before they happen? That's the idea behind our smart grid. New stronger and smarter technology helps us detect and prevent problems before they become outages – so we can ensure your lights stay on.

It also gives you power, too. Through your personalized energy dashboard, you're able to see how much energy you're using and discover new ways to save. Just visit your account online to view your energy dashboard. Learn more about how we're changing technology to make tomorrow better for all of us.

Students see solar energy in action

Students across Florida are learning how technology can turn our state's sunshine into electricity. We're installing solar-panel displays at nearly 100 schools and other educational facilities – a multi-million dollar investment in the next generation. Learn more about how we're partnering with communities to make changes for the better:

Is your pet making your energy bill go up?

Leave the lights, TV or fan on for your pet? You're not alone. Seven out of eight pet owners in Florida fessed up to leaving at least one of those "creature" comforts on for their pets when they're not home. Ceiling fans alone can add up to \$7 per month to your bill. Find ways to save, while keeping your pet happy:

Ask the Energy Expert

Q Which appliances use the most electricity in the house and contribute the most to your electric bill?

- Trina A., Miami

A The top five biggest energy users in your home are your air conditioner, pool pump, water heater, lighting and clothes dryer. We have tips for curbing those costs:

What powers your home?

We use mostly American-produced clean fuel sources like natural gas, nuclear and solar to generate the electricity you use in your home.

Sources of electricity generation for the 12 months that ended on Aug. 31, 2013

Did you know?

Electricity is the third most stolen product in the U.S. behind credit cards and cars. Learn how this crime costs you. » FPL.com/meters
