

LED LIGHTING PILOTRATE SCHEDULE: LT-1AVAILABLE:

In specific territories served, upon request of the entity that has jurisdiction over the area being lighted. Contact FPL for available installation territories.

APPLICATION:

For the purpose of lighting streets whether public or private, roadways, and common areas, other than individual residential locations. This includes but is not limited to parking lots, homeowners association common areas, or parks.

TYPE OF INSTALLATION:

FPL-owned fixtures normally will be mounted on poles of FPL's existing distribution system and served from overhead wires. On request of the Customer, FPL will provide special poles or underground wires at the charges specified below. FPL, at its discretion, may offer the customer the option of FPL-owned fixtures attached to poles owned by the customer.

SERVICE:

Service includes energy from dusk each day until dawn the following day and maintenance of FPL-owned Lighting Systems. Maintenance includes replacement or repair of any circuit component to assure the facilities are operational and safe.

LIMITATION OF SERVICE:

Stand-by or resale service is not permitted hereunder.

CUSTOMER CONTRIBUTIONS:

A Contribution-in-Aid-of-Construction (CIAC) will be required for:

- a) the differential cost between employing rapid construction techniques in trenching, backfilling and pole installation work where no obstructions exist, and the added cost to overcome obstructions such as sprinkler systems, paved surfaces (such as sidewalks, curbs, gutters, and roadways), landscaping, sodding and other obstructions encountered along the Lighting System installation route, including repair and replacement. If the Customer elects to perform work such as trenching and restoration, they will be reimbursed by FPL with a credit (not to exceed the total CIAC cost) for the value of this work as determined by FPL;
- b) the installation cost of any new overhead distribution facilities and/or the cost of alterations to existing distribution facilities which are required in order to serve the Lighting System less four (4) times the additional annual non-fuel energy revenue generated by the installation or alteration of the Lighting System, plus where underground facilities are installed, the differential installation cost between underground and overhead distribution facilities.

These costs shall be paid by the Customer prior to the initiation of any construction work by FPL. The Customer shall also pay any additional costs associated with design modifications requested after the original estimate has been made.

(Continued on Sheet No. 8.736)

(Continued from Sheet No. 8.735)

REMOVAL OF FACILITIES:

If FPL owned Lighting facilities are removed either by Customer request or termination or breach of the agreement, the customer will pay the fixture, pole, and conductor charges for the period remaining on the currently active term of service plus the cost to remove the facilities. **These charges do not apply to street light conversions from FPL owned facilities covered under SL-1 to FPL owned LED facilities under this tariff.** In all cases, should the Customer request termination of the agreement, such termination will require written notice 90 days prior to the date of termination.

Conversion of FPL Owned Streetlights (SL-1 facilities) to LED:

For customers converting Street Lights as per FPL’s SL-1 Street Lighting Tariff paying the LED Conversion Recovery charge, there will be no charges for the fixtures being removed. Any other charges for relocation or replacement of FPL owned facilities would still apply.

CHANGE IN FIXTURE SIZE OR TYPE:

At the Customer's request, the Company will upgrade to a higher level of illumination when the changes are consistent with good engineering practices. The customer will pay the original installed cost of the removed fixtures, less any salvage value and depreciation, plus removal costs and will receive a credit for 4 years additional revenue generated by the larger fixtures. If changes are required to the distribution system to support the larger lights, standard CIAC charges as described on sheet 8.735 will also apply. The Customer will pay the Company the net costs incurred in making other fixture changes. Customers converting HPSV fixtures to LED and paying the LED Conversion Recovery Charge will not be charged for the fixtures being removed, as noted in the preceding paragraph. In all cases where luminaires are replaced, the Customer will sign a new service agreement. Billing on the rate for the new luminaire or lamp size will begin as of the next regular billing date. A luminaire may be relocated at the Customer's request upon payment by the Customer of the full cost of removal and reinstallation.

MONTHLY RATES for LED Fixtures*:

Energy Tier	Charge	Fixture Tier									
		1	2	3	4	5	6	7	8	9	10

* Catalog of available fixtures and the assigned billing tier for each can be viewed at www.FPL.com/partner/builders/lighting.html

(Continued on Sheet No. 8.737)

(Continued from Sheet No. 8.736)

Maintenance per Fixture (FPL Owned Fixture and Pole)	\$1.72
Maintenance per Fixture for FPL Fixtures on Customer Pole	\$1.20
LED Conversion Recovery	\$0.97

Notes:

The non-fuel energy charge is 2.850¢ per kWh.
 Bills rendered based on "Total" charge. Unbundling of charges is not permitted.

Charges for other FPL-owned facilities:

Wood pole used only for the street lighting system	\$4.92
Standard Concrete pole used only for the street lighting system	\$6.74
Round Fiberglass pole used only for the street lighting system	\$7.98
Decorative Tall Fiberglass pole used only for the street lighting system	\$16.81
Decorative Concrete pole used only for the street lighting system	\$13.65
Underground conductors	3.810 ¢ per foot

BILLING

During the initial installation period:
 Facilities in service for 15 days or less will not be billed;
 Facilities in service for 16 days or more will be billed for a full month.

WILLFUL DAMAGE:

Upon the second occurrence of willful damage to any FPL-owned facilities, the Customer will be responsible for the cost incurred for repair or replacement. If the lighting fixture is damaged, based on prior written instructions from the Customer, FPL will:

- a) If a commercially available and FPL approved device exists, install a protective shield. The Customer shall pay \$280.00 for the shield plus all associated costs. However, if the Customer chooses to have the shield installed before the second occurrence, the Customer shall only pay the cost of the shield; or
- b) Replace with a like unshielded fixture. For this, and each subsequent occurrence, the Customer shall pay the estimated costs of the replacement fixture; or
- c) Terminate service to the fixture. In this case, the lighting facilities will be removed from the field and from billing; the customer will pay the lighting facilities charges for the remaining period of the currently active term of service plus the cost to remove the facilities.

Option selection shall be made by the Customer in writing and apply to all fixtures which FPL has installed on the Customer's behalf on the same account. Selection changes may be made by the Customer at any time and will become effective ninety (90) days after written notice is received.

(Continued on Sheet No. 8.738)

(Continued from Sheet No. 8.737)

OTHER CHARGES

Conservation Charge	See Sheet No. 8.030.1
Capacity Payment Charge	See Sheet No. 8.030.1
Environmental Charge	See Sheet No. 8.030.1
Fuel Charge	See Sheet No. 8.030.1
Storm Charge	See Sheet No. 8.040
Franchise Fee	See Sheet No. 8.031
Tax Clause	See Sheet No. 8.031

SPECIAL CONDITIONS:

Customers whose lights are turned off during sea turtle nesting season will receive a credit equal to the fuel charges associated with the fixtures that are turned off.

TERM OF SERVICE:

Initial term of ten (10) years with automatic, successive five (5) year extensions unless terminated in writing by either FPL or the Customer at least ninety (90) days prior to the current term's expiration. Term of service begins upon execution of the LED Lighting Agreement.

RULES AND REGULATIONS:

Service under this schedule is subject to orders of governmental bodies having jurisdiction and to the currently effective "General Rules and Regulations for Electric Service" on file with the Florida Public Service Commission. In case of conflict between any provision of this schedule and said "General Rules and Regulations for Electric Service", the provision of this schedule shall apply.
