Disclaimers

The issuance of a rebate by FPL under the Program shall not be considered or relied upon by the customer to be confirmation that that any of the underlying work performed by the WAP agency was done properly pursuant to the manufacturer recommendations and specifications, building codes, other applicable laws, industry standards or individual contract requirements. FPL does not participate in or approve the selection of conservation measures installed by the WAP agencies and FPL does not manage or provide oversight of the work performed by the WAP agency. It is the sole responsibility of the customer and the WAP agencies to investigate and select conservation measures that are appropriate for their specific application, perform the work and to take the necessary precautions they deem prudent to ensure the equipment, materials, and work meets their expectations.
